### BRYAN'S CAMPAIGN PLAN

Makes Few Prepared Speeches Before Oct. 1.

#### GRATIFIED AT RESPONSES.

Subscription Fund Increases at a Most Satisfactory Rate, a Goodly Amount Being Transmitted on Wednesday to Treasurer Haskell.

Lincoln, Neb., July 29.—The first authentic outline of Bryan's plan of campaign was secured Wednesday from one close to him. A few prepared speeches will be made by Oct. 1. During the month of October he expects to remain at home and assist in the educational work of the campaign through discussion of public questions in the form of interviews, signed articles and letters.

Taft's speech of acceptance of the Republican nomination for the presidency was read with great interest. In view of the strictures upon Bryan himself and the Democratic party in general, it is not improbable that Mr. Bryan will issue a formal statement in which he will answer some of his opponent's remarks.

Much satisfaction is felt by Mr. Bryan by reason of the responses which are being made to the appeal to Democratic newspapers of the country to open subscription lists for campaign contributions. He said the fund is already a considerable one and steadily growing.

Charles W. Bryan Wednesday remitted to Governor Haskell, treasurer of the national Democratic committee, \$1,504.95, given by 101 contributors to the campaign fund.

Governor Haskell telegraphed that two hours after his selection as treasurer had been announced that \$2,750 was contributed by sixty-two residents of Oklahoma. This sum, he stated, came without solicitation.

Prominent Prosecutors Present. Lenox, Mass., July 29.—Prominent prosecuting officers of the government, with the assistance of several leaders in the practice of law including Frank Kellogg of Minnesota, took up the consideration Wednesday of the question whether the criminal suit against the Standard Oil company for alleged rebating and other violations of the interstate commerce laws be further pressed in the courts. The assembly embraces, besides Attorney General Bonaparte, Solicitor General Hoyt of Washington, Edwin Soms of Chicago, United States district attorney for the Northern district of Illinois; his first assistant, James Wilkerson, of Chicago, and several clerks from the department of justice.

It is learned through a source which cannot be disclosed that the conference unanimously decided to take steps immediately for a re-trial of criminal suits against the Standard Oil company.

Warrant For Prominent Man. Muskogee, Okla., July 29.—A warrant was issued for the arrest of James H. Harris, a Wagoner banker and one of the most prominent Republicans of the state, charging that he violated the Oklahoma statutes by taking a deed to land inherited by Marchie Tiger, a Creek Indian, after the supreme court of Oklahoma had decided that the land had been legally transferred to the Western Investment company. Acting under advice of M. L. Lott, Creek national attorney, Tiger deeded the land to Harris as trustee. The Western Investment company caused the warrant to be issued.

Mills For the South. Baton Rouge, July 29.—The Baton Rouge board of trade announces the receipt of a letter from Boston cotton manufacturing interests stating their intention of establishing several mills throughout the south for the manufacture of cotton goods. The letter asked the Baton Rouge commercial body for information about locating such a mill in this state.

Thomas A. McIntyre Dies. Baltimore, July 29.—Thomas A. McIntyre, who was the head of the failed firm of McIntyre & Co., is dead.

### ISLAND QUEEN FIRED ON.

Lady Just Below Seat Taft Occupied Wounded.

Cincinnati, July 29.—The steamer Island Queen was fired on during her trip up the Ohio river Tuesday night with Judge Taft and guests aboard. Mrs. Russell, of this city, standing on the hurricane deck, directly under the seat occupied by the presidential candidate, was struck in the face and breast by a number of small shot. She was not seriously injured. Judge Taft was not told of the occurrence. The shotgun used was fired by a man from a shanty boat moored to the Ohio side of the river. The identity of the shooter is not known.

Big Blaze at Quanah.

Quanah, Tex., July 29.—Fire in this city Wednesday caused \$50,000 loss in the business district. The flames were discovered in Lewis & Sanders' hardware store and spread rapidly. The losses are as follows: Goodlett & Newberry, \$30,000; Blount Dry Goods company, \$18,000; Lewis & Sanders, \$30,000; A. T. Holl, \$2,000. The stores of the first three firms were gutted. All losses are practically covered by insurance.

Two in Custody.

Wichita Falls, Tex., July 29.—O. U. Robinson and J. A. Norgood were arrested here charged with the murder of Dr. Earl Dycus, whose body was found on the Denver road track. Blood stained trousers found in Norwood's room and other circumstances lead the police to think they have the right parties.

Battle Reported.

El Paso, July 29.—It is reported that Mexican troops and revolutionists engaged in a battle opposite Comstock, Tex., and that two Americans, residents of Mexico, were killed. American troops are said to have been dispatched from Del Rio to the scene of the fight.

Dog Tooth in Tamale.

Dallas, July 29.—While devouring some tamales which he had purchased from a Mexican, a man discovered a dog tooth in one of them. The canine's molar was turned over to the city health officer, who is investigating the matter.

First Turkish Parliament.

Constantinople, July 29.—The first parliament meets Nov. 1.

Financial Sensation.

Racine, Wis., July 29.—There was a sensation in financial circles here Wednesday when it became known that John Schulte, paying teller of the First National bank, was short \$15,000 in his accounts and had disappeared. The defalcation was discovered when Bank Inspector Hertans came here on his semi-annual inspection tour.

Thousands Swamped.

Canton, China, July 29.—In the typhoon here thousands of native craft were swamped and many people were drowned. The British gunboat Robin and French gunboats Argus and Vigilante went adrift and were considerably damaged. In this city numerous houses collapsed, entombing the occupants. Public gardens were wrecked.

Clayton to Notify Nominee.

Montgomery, July 29.—Congressman Clayton, who was chairman of the Democratic national convention, announces the committee on notification of Bryan will meet at Lincoln at noon August 12 and Mr. Bryan will be formally notified of his nomination during the afternoon of that day. Mr. Clayton will deliver the notification speech.

One Death, Numerous Prostrations.

Chicago, July 29.—One death, one disappearance and numerous prostrations, due to heat, were reported Wednesday morning. At 11 o'clock the thermometer registered 83 degrees.

Taft a Steam Shovel.

Cincinnati, July 29.—Judge Taft, at his brother's residence, was Wednesday morning formally made an honorary member of the Steam Shovelers' union.

### GATES' GOLF LINKS.

It Is Said They Are to Be Best Ever Constructed.

Port Arthur, Tex., July 29.—John W. Gates has contracted for the construction of the finest golf links in the world at his home here. Work has been commenced on the tract, embracing 750 acres of land.

The new links will represent an expenditure of nearly \$1,000,000, including the cost of the land, \$180,000. Plans of the celebrated links of the world have been studied and an agent of Mr. Gates toured Europe and inspected the best. A club house costing about \$100,000 is also to be erected.

#### DAVIDSON'S RECEPTION.

No Law to Permit Holding the Function in the Capitol.

Austin, July 29.—A large reception committee to receive Attorney General Davidson on his return to the state capital Friday has been appointed.

There was some question about the right of the committee to use the house of representatives for the occasion, as it was stated that the governor had turned the proposition down as being against the law. Interviewed on the subject, the governor stated that he knew of no law against holding the reception in the house of representatives and that the matter was entirely in the hands of Mr. Day, in charge of the capitol building. The reception committee, so the governor says, has his entire approval in the matter of tendering a reception to General Davidson on his return to Austin.

General Davidson will be met at the Houston and Texas Central depot next Friday afternoon by carriages and a band and escorted to the state capitol, and a formal reception will be tendered him in the house at 8:30 o'clock in the evening.

#### Will Issue Statement.

Austin, July 29.—Governor Campbell was a busy man Wednesday, as it was the first time he had been to the executive department in several weeks. He said that this campaign was based on "prejudice and misrepresentation," and if it had lasted two weeks longer Williams would not have polled one-third of the votes he did. The governor predicts his majority, when all votes are counted, will be over 100,000. He said that he will issue a statement giving the result of the campaign in line with the above expressions. Hundreds of telegrams have been pouring into the executive department from all over the state congratulating the governor.

#### Hawkins' Explanation.

Austin, July 29.—First Assistant Attorney General Hawkins said: "In connection with the fact that all of the 494 votes of Hidalgo county in the recent primary were cast against Attorney General Davidson, which fact was reported by B. B. Chapin, Esq., of that county by wire to the Austin Statesman, it is interesting to note that Attorney General Davidson recently filed suit in behalf of the state for the benefit of the public free school fund for 9,000 acres of land in Hidalgo county against 154 defendants who reside in that county, and Mr. Chapin is one of the attorneys who have filed answers in that litigation for said defendants."

#### Compromise Effected.

Little Rock, July 28.—The several suits pending against the Waters-Pierce Oil company in the circuit court here charging violations of the anti-trust laws of the state and illegal discriminations, were terminated Monday, when the attorney for the defendant company paid a compromise penalty of \$10,000. The prosecuting attorney, in accepting the compromise, gave as his reason the improbability of securing convictions, should the cases be brought to trial, because of the difficulty in uncovering necessary evidence.

#### Cold Water Turned In.

Meridian, Miss., July 28.—The bursting of a boiler in the sawmill of M. W. McDaniel, at Moscow, Kemper county, resulted in the death of a negro fireman, and the fatal injury of the owner, his brother, Frank McDaniel, and two sons of the former, George and Phelan. It is said the firemen turned cold water into the heated boiler. The plant was demolished.

#### Boilermaker Drops Dead.

Palestine, Tex., July 28.—George Coffey, an employee of the International railroad in the boiler shops, dropped dead while at work Tuesday. He leaves a family. He had been with the road many years. He was well along in years and became overheated.

#### Thirty-Six Indicted.

New York, July 28.—Thirty-six men were indicted by the Kings county grand jury Tuesday on charges of violating the anti-gambling laws at race tracks. Those indicted include some of the most prominent men who formerly occupied stools in the betting rings.

#### Eugene W. Swindells Dies.

Chicago, July 28.—Eugene W. Swindells, a prominent traveling man, a resident and native of Dallas, Tex., died here.
